RE: Lower Ley Creek Data, November 2009 Sampling
Onondaga Lake NPL Site,

Dear Lower Ley Creek PRPs:

Enclosed please find a disk containing data from the November 2009 sampling of the Lower Ley Creek Subsite of the Onondaga Lake NPL Site. I recommend that you first look at the documents located in the folder labeled, "November Field Activity Trip Report and Maps," to understand where each sample was taken and then review the Trip Report in the folder labeled "TR and COCs from Diane." Please contact me if you have any questions. If there is enough interest, I will schedule a group-wide conference call with EPA technical staff go through the data.

Regards,

A handwritten signature in cursive script that reads "Lauren Charney".
